

## **El Puente de Encuentros Behavioral Health Fellowship Program Call for Applications - 2020-2021**

El Puente de Encuentros is a certified nonprofit organization whose mission is to bring cultural awareness to New Mexico's behavioral health needs and to take action to meet those needs. This fall our annual fellowship program will continue to focus on mentoring future behavioral/mental health professionals.

Our program will define for participating students what qualities are required for a profession in the field of Behavioral/Mental Health. Analytical tools will be provided to guide students in their academic experience, and/or their professional aspirations. Our program will also motivate students to pursue and understand how the field intersects with the social, cultural, economic and political forces that affect and/or facilitate a profession in Behavioral/Mental Health. To accomplish these goals, El Puente de Encuentros fellows will work on expanding their understanding of either an area of academic and professional interest or of a particular clinical direction they wish to explore. As part of the program, El Puente de Encuentros fellows will participate in mandatory group sessions in which assigned readings will be discussed, and ideas explored. When appropriate, fellows will engage with community organizations and businesses that will provide direct professional mentorship.

Our fellowship will consist of two semesters of instruction (either online or in-person), including two monthly meetings with fellow students and professionals. In addition, fellows will research work/professional opportunities within the state of New Mexico.

For more information, please contact Lynn Haynes, LCSW at 505-238-9551 or by email: [elpuentedeencuentros@gmail.com](mailto:elpuentedeencuentros@gmail.com) or Armando Bustamante at 505-277-5020 or by email at [abustam1@unm.edu](mailto:abustam1@unm.edu).

**Priority deadline for completed applications is: July 31, 2020**

# El Puente de Encuentros Behavioral Health Fellowship Program
